September 10, 2001 - the last day of freedom in America.

10 facts about 911 that don't sound quite right

Why were security cameras disabled in the weekend prior to 911.

Why was the steel of the collapsed buildings removed and sent in shipment to Asia before it could be analysed for traces of explosives

Why was the NORAD system shutdown hours before 911 happened so that the planes could not be taken out.

Why were two separate hijacker teams allowed to pass through the airport security without detection.

Why were some of the 911 witnesses murdered (such as John O'Neill) during or shortly thereafter.

What were Israeli arts students doing in the world trade center in the months prior when Israel was caught and exposed using interception devices on american phone lines.

Why did the FBI release the Israeli detainees and sent them back to Israel 2 months after failing polygraph tests and admitting that they were ''sent to document the event''.

Why do movies and cartoons depict the world trade center associated with ''9/11'' such as the simpsons (on a magasine cover), or the movie ''trading places'' (featuring WTC with a clock set at 9'11), or the Razmukets (showing a plane crashing into a building in NYC).

Why were one trillion dollars found missing one day prior to 9/11. Who did this? (To fund the War of Iraq?)

Why did Larry Silverstein (another Jew, sigh) add the clause ''for terrorist attacks'' to the insurance of the WTC for several millions of dollars.

How did Building 7 collapse on its own if no explosives nor planes were used?

Why were BBC reporters reporting that the WTC-7 building collapsed 23 minutes before it actually did? Was this a show?

What about the slip-up that George Bush made in 2006 when he said ''explosives'' instead of ''planes'' to ''trap people above from escaping''?

And worst of all.

Why wasn't Bin Ladin arrested immediately when he did an interview with a CNN reporter in his so called secret hideout back in June of 2001.

Don't you see that your government did this to you? This is a lying, zionist Satanic scam! The synagogue of Satan (The israeli mossad, etc) did it! - 2Thessalonians 2:10 KJV
